

Private Investigator Jacksonville Florida and Northeast Florida

{value_logo}

Address 369 Blandling Bv., Suite N-22

Fine Tooth Comb Investigations Inc.

Contact Person Mobile Number

Email ftci@comcast.net

Developed a niche helping creditors recover final judgments. Particularly successful in locating hidden assets prior to and litigation.

Added niche performing opposition research for political campaigns. As a tangent, political corruption and public corruption cases have been successfully handled as well.

Have assisted in construction cases all over Florida from inspector fraud to plans examiner fraud/incompetence, to contractor misdeeds. Some case investigations led to removal of Building Officials and/or city managers. Handled all Construction Materials owned by US Navy in Vietnam as Seabee Support Officer for NSA Saigon.

Routinely handle "can of worms" cases others have been unable to resolve
