I am a Licensed Title Agent for the State of Maryland and Virginia. My title agent license is good through October 31, 2026. I am also surety bonded with the State of Maryland for \$150,000 and carry \$500,000 of Errors and Omissions coverage. I have twenty plus years of experience as a Government auditor and understand the importance of document verification, obtaining the correct signature on documents and returning them immediately.
