Notary Services

I learned and gained my love for the financial industry while taking a program in High school called Academy of Finance. When I moved to Texas in 2006 my aunt helped me get a job at Chase where I worked my way up from collections in the call center, to reporting to a team lead in the Foreclosure department where I began to learn the ins and outs of the mortgage industry. After years of working for corporate america I decided that it was time to be my own boss. **Fair Enough Financial & Notary Services LLC** was launched in May 2022. This was one of the best decisions I have ever made. Through the years I have met so many wonderful people and established so many relationships through serving as a Mobile Notary Public.
